Let me express the words of deep respect and thank you from the bottom of my heart for your great contribution to our future victory over the Russian invaders.

Humanitarian assistance from you is delivered by buses, trucks and wagons, some volunteers delivered humanitarian aid by their own cars to join the help in this difficult time. It is very touching how your countries, your citizens, come together to help the Ukrainian people, the Ukrainian defenders-soldiers.

The city of Uzhhorod has already taken care of more than 30,000 IDPs. Thanks to humanitarian aid from you, we were able to accommodate all those in need, provide the necessary things and food.

We really appreciate your help and will never forget it!

Slava Ukrayini! Heroyam Slava!

Best regards

Mayor
